

Effective at 3:45 p.m. on May 22, 2020, the Board of Commissioners of Rush County voted to follow all Executive Orders issued by Governor Eric Holcomb. The most recent Executive Order is #20-28 signed on May 21, 2020, which became effective on May 22, 2020. All residents and other persons using services and patronizing businesses in Rush County, Indiana, are strongly encouraged and reminded to follow social distancing guidelines, to practice hand hygiene with soap and water or with hand sanitizer, and to practice other disinfecting and sanitizing methods. We also strongly encourage all persons to wear cloth face coverings when in a public setting. We are grateful to our residents for their efforts so far and for keeping our case counts low. We want to continue this trend, and it is only through the efforts of us all working together that this can happen. Signed, Mark Bacon, Paul Wilkinson, and Bruce Levi, Rush County Commissioners
