## New Business

Carol introduced our newest member, Beth West, to the board. They explained to her about what the board does. Sherry gave her a copy of the Indiana Local Board of Health Orientation Manual, and everyone welcomed her to the board.

Carol told the board that Julia had someone from the State come in and had training on Meth and the clean up process. She had the Sheriff, Police Chief, Fire Chief, Assistant Fire Chief, a Commissioner and several others attend. They gave Julia several test kits to have in the office, if needed. Carol also told the board that Julia is having a Septic Installer Workshop. By attending the meeting the installers and business will be registered on the Rush County 2020 Septic Installer List.

## **In Progress**

Someone had asked at the last meeting if there was service fee for our new website. There is a fee and it is annually and split amongst the courthouse.

We also discussed the Zenica Grant. After some discussions it was decided to table it for now and discuss it in the future, but Sherry did tell them that we were approved for the Narcan Grant, and we will be receiving 200 doses. The first report will be due in March.

## **Old Business**

Chuck mentioned at the last meeting that he scheduled HVA (Hazard Vulnerability Analysis) training for March. The Assembly Room was already booked, so they told me to ask Chuck if he could do it in his office, if so we will have it at 6:30 PM a half an hour before our regular Health Board Meeting on March 17, 2020.

## **Financial**

Sherry told them the budget is going well and was able to finally order a new Copier/Printer. Otherwise the budget is going good so far, but it is still early in the year.

Emily moved to adjourn the meeting. Kendra seconded. All members voted to accept. Motion carried.

Meeting adjourned at 7:31 PM
