

IMMUNIZATION CLINIC FOR CHILDREN

Date: First Thursday of each month
Time: By Appointment only. NO WALK INS!
Location: Rush County Courthouse
Health Department, Room 105
Office Number: 765-932-3103

Due to the situation with Covid-19, there will be changes on how we conduct our clinic.

1. Please do not come to the Health Department if you or your child are ill.
2. Appointments only, NO WALK INS! Call 765-932-3103 for an appointment.
3. Must wear a face covering and children over the age of 2 must also wear a face covering.
4. We ask that only one parent/guardian occupy the child/children who need their vaccinations. No other family members.
5. Please check in at the desk in the hallway.
6. Please be seated in the hallway until called. You will have paperwork to fill out.

See the requirements below:

Immunizations available are Diphtheria, Tetanus, Whooping Cough, Measles, Mumps, Rubella, Polio, Hib, Hepatitis B, Varicella (Chickenpox), Prevnar, Rotavirus, HPV (Gardasil), Meningococcal (Menactra) and Meningococcal B. These are provided free of charge from the Indiana State Department of Health to children through the age of eighteen.

Children under eighteen are required to have a parent or guardian fill out and sign permission forms each time the child receives an immunization. Records of previous immunizations should be brought in with the child.

Federal guidelines state if a child has insurance coverage, other than Medicaid, you will need to contact the insurance carrier to see if the insurance covers vaccines. If it does, you will need to contact your provider and have the child receive his/her vaccine from the provider. Even if you have a deductible or co-pay, you must get the vaccine from the provider.

To be eligible to receive the immunizations at the Rush County Health Department, you must be on Medicaid, OR be uninsured, OR be underinsured which means that the insurance does not cover vaccines or a particular vaccine. Please bring in a letter from your insurance stating as such. *Any questions may be directed to the Rush County Health Department 765-932-3103*
