July 11th, 2019

Rush County Broadband Taskforce

Vision: Every home/business in Rush County has affordable, adequate, and reliable internet access.

Mission: Work with providers, community leaders, organizations and residents to improve internet access and digital literacy throughout Rush County

Taskforce progress to date

- **Create a communication plan, including Facebook page**
- **Met with providers one-on-one**
- **Scheduled and attended a provider's meeting**
- **Obtained city and county endorsements through formal resolutions**
- **Formalized partnership between Extension and Open Book learning center to conduct digital training for businesses**
- **Conduct household survey**

Survey Data Gathering

- **Objective of Rush County Connect Broadband Task Force**
- **Validate broadband access and document demand aggregation**
- **Data was collected during late April through mid-June 2019**
- **Survey available online**
- **Paper copy versions were distributed through**
 - **Extension, Library, Schools**
 - **Courthouse, City Hall**
 - **Hospital, Banks, Foundation**

Results

- **516 surveys received overall (65 paper copies)**
- **512 valid responses**
- **445 mapped (67 did not give permission or did not answer)**

Survey Responses

Have internet access at home?

Main reason not using internet

How do you access the internet?

How much do you pay?

Monthly cost

Median Download/Upload Speeds

	Download (Mbps)	Upload (Mbps)
Average	19.73	18.08
Median	5.60	1.92
Minimum	0.09	0.01
Maximum	462.40	920.00
n	231	227

Number of devices at home

Is this a home-based business?

Work from home if better connected?

Work from home

Age of potential users at home

Maximum willing to pay?

How satisfied are you with service?

Who is unsatisfied?

Who is unsatisfied?

Who is unsatisfied?

Who is unsatisfied?

Who is unsatisfied?

Who is unsatisfied?

Who is unsatisfied?

**No access +
unsatisfied**

Data Validation

FCC

% homes with
access to 25/3 Mbps

56.3

Microsoft

% people using
at 25 Mbps

8.3

Rush County Survey

% homes using
at 25/3 Mbps

18.2

Main takeaways ...

- **Households aware of importance of internet**
- **Majority of homes surveyed had access**
- **Quality of service issue**
- **Current users: more than half unsatisfied**
- **Non adopters: unavailable, unreliable or expensive**
- **Demand potential exists (home businesses, work from home, age & number of devices)**
- **Sweet spot is between \$40 and \$59.99 per month**
