Jerry and Desmond Stevens stated that they would have no problem delaying action on their petition to change designated of the drain till after judicial review is resolved.

JAMES S E HOLLIGOSS

Surveyor presented a picture to the Board of water standing on the land just south of SR 44 owned by Terry Ellis. The tenant has made several comments that the tile is off grade. James Ramsey, is the contractor that installed the tile, stated that he is positive that it is not off grade. He feels that there are springs in the area and that it could be the reason it is causing problems. After much discussion the Board decided to send a letter to the landowner explaining the situation. The County will take care of all the expenses. However, if in order to correct a problem more tiling is needed that will be at the landowner’s expense. Ramsey stated that his work is guaranteed for 3 years if anything is to go wrong with the County tile he will fix it.

With nothing else to become before the Board, the meeting was adjourned on motion by Wilkinson, 2nd by Jarman.
