

DRAINAGE BOARD MEETING

December 17, 2021

The Rush County Drainage Board met on December 17, 2021 at 10:00 a.m. in the Commissioner’s Room of the Rush County Courthouse with the following presents; Mark Bacon, Paul Wilkinson and Ron Jarman members; Marvin L. Rees, Surveyor, Ashley Perkins, Secretary.

The minutes for the meeting held on December 6th, 2021 were approved and signed on motion by Jarman, 2nd by Wilkinson.

PERRY STEELE TILE

Surveyor presented pictures of erosion in the field that could eventually cause damage to the county tile. Surveyor suggested installing RIP RAP to spread out and slow down the water. Bacon suggested a waterway and Wilkinson said it would help. Surveyor said not to rule out a drop box surface inlet. After further discussion it decided to try the RIP RAP first.

JAMES ALEXANDER TILE

Surveyor presented a map of the watershed. The upper end of the arm of the tile is more than ¾ blocked. Surveyor recommends replacing the tile with the same size tile and do this as a maintenance project. Surveyor will present estimates at a later date.

SAM TRADUE TILE

Jeff Schwering wondered if we could replace the tile under the highway while INDOT is doing their resurface project. Surveyor will check on this.

With nothing else to become before the Board, the meeting was adjourned on motion by Jarman, 2nd by Wilkinson.
